- New advertising, as well as that published previously, is subject to quarterly HealthTrust approval pursuant to these guidelines, and changes requested by HealthTrust must be made. Additionally, prior to HealthTrust re-running a supplier’s previously published advertising, the supplier is responsible for reviewing such previously published advertising to insure present compliance with these guidelines as well as applicable industry, accreditation, commission and/or regulatory standards outlined in the bullet above.

- Suppliers may only advertise products and services currently on contract with HealthTrust.
- Suppliers must include the HealthTrust contract number in product or service advertising (see format in gray box to the right) so members can more easily locate contract packages or advertised products/services within the HealthTrust online catalog.

- Medically graphic images (e.g., wounds, scabs, incisions, exposed bone) will not be accepted.
- Enhancement advertising is offered on a first-come, first-served basis.
- Unless approved otherwise by HealthTrust, no supplier can purchase:
  - More than one enhancement per issue.
  - An enhancement in consecutive issues.
- Violation of advertising guidelines may delay publishing of the advertising and does not void or otherwise alter the insertion order.
- A supplier will be invoiced the original advertising rate as indicated on the insertion order.
