

# Implementing a System P&T Committee

## CHALLENGES

- Without a System Pharmacy & Therapeutics (P&T) Committee structure and function, there was little stakeholder engagement and formulary management
- There were several areas where safety and quality could be improved
- Lack of IT/EHR support and facility alignment

## SOLUTIONS

- HealthTrust provided subject matter expert assessment with recommendations
- HealthTrust developed system P&T workflows and outlined system vs local P&T responsibilities
- HealthTrust designed a maturity roadmap for implementation of recommendations
- HealthTrust provided formulary tool templates

## OUTCOMES

- HealthTrust engagement facilitated the system reducing Cost per Adjusted Discharge from **\$700 to \$490, a 30% reduction**

## FMOLHS

The Franciscan Missionaries of Our Lady Health System is a leading health care innovator in Louisiana and Mississippi.

*45 Acute Care Hospitals*

*\$120M Pharmacy Supply Expense*

*1,747 Licensed Beds*
